* Optional fields; FIXM Secretariat may update during review

MOTIVATION / CHANGE REASON DESCRIPTION (AUTHOR TO COMPLETE)

The current definition is incorrect and led to a great deal of confusion about the nature of this field during a recent review of the FIXM model. It needs to be updated to correctly identify the expected contents of this field.

PROPOSED CHANGE (AUTHOR TO COMPLETE)

Update the definition of the routeDesignator attribute of the RouteDesignatorToNextElement class in the RouteTrajectory package. The corrected definition should read: "The coded designator for a published ATS route or route segment."
